Empowering discovery.
Advancing knowledge.

PCSWHDR

NVIVO

No. 1 software for Qualitative, Mixed Method, Social Media Analysis and Big Data Analytics.
Unlock insights in your qualitative and mixed methods data. Uncover richer insights and produce clearly articulated, defensible findings backed by rigorous evidence.

Piktochart
make information beautiful

No. 1 software for Infographic and Social Media Graphic.
Your all-in-one visual content maker. Quickly turn any text- or data-heavy content into a stunning report, presentation, infographic, social media graphic, or printable. Piktochart is so simple that you can immediately use it, without training. Start with a template designed by expert.

CHIEF EXECUTIVE OFFICER

Doc. Nicamil "**Nick**" Sanchez,
PhD, RSW, MPM, Dip. Ger. Malta

Nick is an international scholar, academic, social worker, inspirational speaker, public servant, researcher, gerontologist, technocrat, and a proud Filipino.

He has presented his studies using NVivo in local and international conferences. These include World Social Network and Social Development Conference in Stockholm, Melbourne, and Hong Kong, and the British Society of Gerontology 42nd National Conference in Oxford University. He finished his PhD in Australian Catholic University and with a Masters in Public Management at DAP and a Post Graduate degree in Gerontology at the University of Malta.

Our CEO is also an awardee of the prestigious Australian Leadership Awards and an academic visitor at Oxford University Institute of Population Ageing. He was a nominee for the Australian Global Alumni Awards and was also recognized as an Outstanding Social Worker in the Philippines and an Outstanding PLM Alumni.

Sonia

No. 1 software for Student Placement and Supervision. Centralized workflows for integrated learning.
Use our comprehensive and flexible software to easily and efficiently manage placement programs in any discipline. Benefit from personalized placements, reliable data management and compliance, and the flexibility to scale across your organization, all in one platform.

interpris

No. 1 software for Customer Data Analysis.
Interpris uses powerful algorithm to automatically analyse individual responses, tagging key themes and sentiment analysis. Interpris is your customer data analysis boost with an easy to use tool for smarter and faster insights for better evidence-based decisions. It is a tool that lets you automatically find insights in verbatim responses in a snap.
